# The Advantages of Shadow Boards

Commonly used to store hygienic cleaning tools, devices, workshop equipment and cleaning products, this visual storage solution is used by a range of industries including food and beverage processing, manufacturing, and warehousing & distribution.

## Five Advantages of Shadow Boards

### Clean & Organized

Shadow boards help your business stay organized, clean, and safe: Shadow boards, cleaning stations or tool boards, are used to achieve an organized and safe environment, from both a health and safety, and a hygiene perspective.

### Crucial Solutions

Shadow boards are crucial to 5S: Shadow boards play an important role in the smooth operation of 5S lean management (set in order).

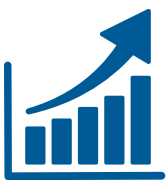

### Operational Excellence

Color-coded shadow boards can improve operational results: By using visual cues, an organized workplace is achieved when tools and equipment are stored in an appropriate location close to the work area or workstation. Having tools at hand leads to greater efficiency at work, because employees do not waste time searching for missing tools since they are stored safely and visually when not in use.

### Reduce Hazards

Shadow board use reduces safety hazards: Without shadow boards, tools can go missing which is not only highly dangerous but can cause product cross-contamination, especially within food processing. Using a shadow board in your factory or workshop can help minimize the risk of cross-contamination.

### Measurable Results

Shadow board use can benefit a range of industries: While ideal for use with the Food Processing industry, shadow boards are equally relevant within the Manufacturing, Retail, Warehousing & Distribution, Agriculture, and Energy sectors; producing enumerable benefits across the organization.

# Material Selection Guide

## Ultra Aluma-Lite™

- Basic maintenance and janitorial usage
- Dual outer layer aluminum with thermoplastic core
- 50% lighter than same thickness Industrial Grade Aluminum
- Temperature range of -60° to 180°F
- Features anti-static properties
- Protected with Sign Muscle®

## Max-Duty Aluminum

- Great for industrial, manufacturing & construction usage
- Superior strength & rigidity
- Corrosion resistant
- Temperature range of -40° to 250°F
- Protected with Sign Muscle®

## Food & Medical Grade Acrylic/Accu-Shield™

- Designed for food processing and wash down environments
- Subsurface ink will not chip, peel, or deteriorate
- Pressure washable
- Temperature range of -30° to 190°F
- Antimicrobial properties

# SHADOW BOARDS

## Clean & Sweep

Shadow Boards and Combo Kits

## Clean & Mop

Shadow Boards and Combo Kits

## A Solution For Every Need

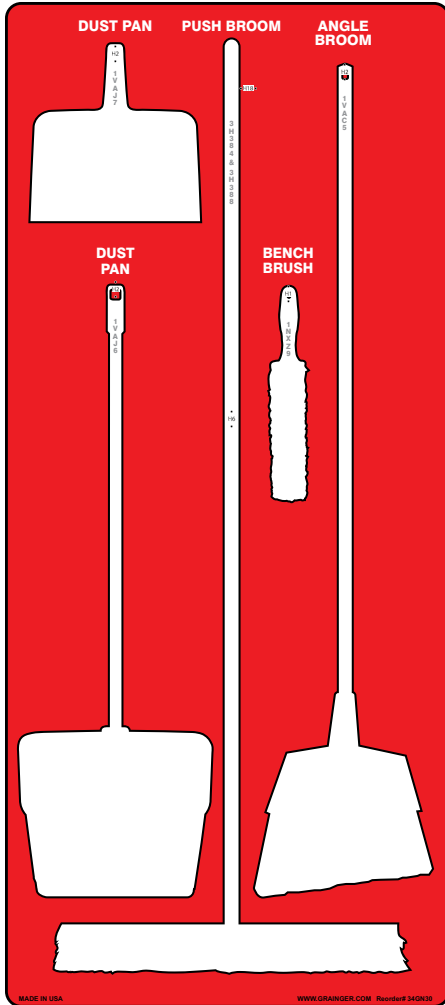

Keep general maintenance and cleaning tools organized, neat, and always ready for use. Minimize downtime searching for tools by keeping them in one centralized location.

- Ideal for non-food contact & general maintenance
- Offered in three materials: Ultra Aluma-Lite™, Max-Duty Aluminum, and Accu-Shield™
- Includes zinc-plated hardware for tools
- Features 1/2" rounded corners and 3/8" mounting holes
- Dimensions: 68"H x 30"W
- Clean & Mop Shadow Board includes 17" round floor label for mop bucket positioning
- See page 5 for Combo Kit details

# ...In 4 Easy Steps

## STEP 1

Choose Your Material

Ultra Aluma-Lite™

Max-Duty Aluminum

Accu-Shield™

## STEP 2

Measure

Measure the space where your shadow board will hang. Or let us know if your board will need to be mounted to a mobile cart.

## STEP 3

Tell Us About Your Tools

### Option 1

Take a clear, straight on picture of each tool next to a ruler. Provide us with a general overview of the estimated size of the board need.

Kobalt 3-Blade Utility Knife  
Item # 365654 Model # 55908

### Option 2

Provide a list of tools along with their manufacturer, part number, and description.

## STEP 4

Provide us with:

**Your Logo**

High res/vector art

**Your Colors**

Background, shadow, font colors

**Your Message**

Tool names, part numbers, department

## Finalize your project

With all the details in place, we'll get to work creating your customized quote and art proof based on your specifications. Your custom quote and proofs will be emailed to you for your approval. Once you're satisfied with everything, approve the art proof on your quote, send us your purchase order, and we'll start production on your new Custom Shadow Boards.

## DID YOU KNOW?

Properly deployed shadow boards can reduce administrative and production costs – increasing profitability at your location.

# SHADOW BOARD MOBILE SOLUTIONS

## Mobile Shadow Board Carts

Keep frequently used tools and equipment near the workstation by mobilizing stock or custom Shadow Boards.

### Aluminum Frame

Heavy-duty extruded t-slot aluminum is durable and rigid for general warehouse and industrial environments. Frames are designed to fit standard stock sized Shadow Boards. Available with locking casters to secure your boards and tools in place.

### Stainless Steel Frame

Designed to withstand exposures from chemical wash-downs to meet tough cleanliness demands in the food and beverage industry. Frames customized to fit any size Shadow Boards. Made from 1" square stainless-steel tubing. Available with locking casters to secure your boards and tools in place.

## Whether it's stock or custom, we have the hardware to secure your tools!

Our wide selection of hardware adds further functionality to your Shadow Boards. Choose from corrosion-resistant zinc-plated hardware, or stainless steel for added durability. Shadow Boards come pre-drilled to make hardware installation a snap, and we offer a variety of options so you can customize your board to meet your specific requirements.

\*Hardware not sold individually\*

At AccuformNMC, we combined the *best-of-the-best* in sign protection to offer you the new and improved Sign Muscle® to increase the longevity of signs, labels, and more.

# SIGN MUSCLE®

## Sign Muscle® preserves the life of your signs and labels!

Our NEW & Improved Sign Muscle® formulation is powerful enough to survive in most environments...and it's patented\*.

Pioneered more than a decade ago, our scientifically strong liquid laminate protects your identification product from virtually any hazard. Durable, strong and resilient, Sign Muscle® delivers protection – guaranteed.

A sign that lasts starts with a quality base material. For example, an industry-tested material like plastic versus a typical competitor material with unknown origins. The wrong base material can speed up damage to the potential life-saving safety message that sits on top. A message that guides a workforce to safety is a message that we can't allow to fade.

Longevity through quality also means scientifically engineered ink-sets specifically created for the materials they will be printed on.

*That's the difference, driven by facts and supported by science. Resist fading and easily restore like new!*
