# Safety Solutions for Fulfillment, Sorting and Distribution Centers

E-commerce growth has created additional demand as warehouse operations face pressure from skyrocketing orders and increased delivery speeds. The growing number and size of these facilities come with the need for safety considerations. In 2019, the warehouse sector saw the second-highest number of fatal work injuries. Justrite Safety Group offers safety solutions to protect workers from hazards and support productivity.

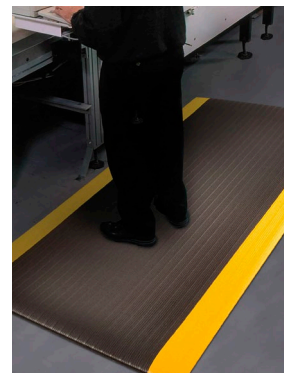

## Induction & Picking Anti-Fatigue Matting

Maximize warehouse picking efficiency with anti-fatigue matting. Keep pickers moving fast with ergonomic matting solutions that support high productivity in both batch and zone picking strategies.
