Pharmaceutical Safety Map

A visual guide for quickly checking safety equipment and identifying hazards in pharmaceutical environments. Use with our Safety Checklist to find solutions for safer manufacturing and labs areas.

- 1 Flammable Safety Cabinets**
Securely store solvents and flammables while meeting OSHA, NFPA, and IFC standards to reduce fire risk.
- 2 Lithium-Ion Battery Charging Cabinet**
Safely charge and store lithium-ion batteries, containing fires, smoke, and explosions while protecting people, property, and surrounding equipment.
- 3 HPLC Safety Disposal Cans**
HPLC safety cans with quick-disconnects and carbon filters provide compliant solvent-waste collection across pharmaceutical areas.
- 4 Safety Signs**
Safety signs identify and indicate the potential type and degree of hazards that may lead to accidental injury or property damage. They comply with OSHA 29 CFR 1910.145 and ANSI Z535 standards.
- 5 Folding Utility Trays**
Provide fast, reliable spill containment without taking up space. They unfold in seconds to catch drips, leaks, and minor spills during fluid handling.
- 6 Gas-Cylinder Storage Rack**
Cylinders are heavy and pressurized; racks keep them securely upright, preventing tip-overs and supporting OSHA and safety-storage compliance.
- 7 Eyewash Station Drainage Mat**
The Eyewash Station Mat features high visibility and an anti-slip waffle grid that keeps users elevated above spills and ensures fast drainage.
- 8 Entry Outdoor Mats**
Durable entry mats trap dirt, debris, and moisture to keep building interiors clean and safe.
- 9 Antimicrobial Mats**
Help stop microbial growth on floors, reducing contamination, odors, and tracked-in germs.
- 10 Anti-Fatigue Mats**
Ergonomic mats ideal for pharmaceutical environments that improve circulation, reduce fatigue, add cushioning, and help prevent slips and falls.
- 11 Cable Protectors**
Prevent tripping hazards, electrical accidents, and contamination while maintaining organized, compliant workspaces.
- 12 Emergency Safety Shower/Eyewash Station**
Flush hazardous chemicals from skin and eyes quickly, minimizing injury, meeting safety standards, and supporting a compliant pharmaceutical workplace.

FIRE SAFETY

Flammable Safety Cabinets

Justrite Flammable Safety Cabinets safeguard pharmaceutical manufacturing by securely storing solvents and flammable liquids. Built to OSHA, NFPA, and IFC standards, they reduce fire risk, ensure compliance, and protect critical research and production environments.

Utili-Guard+™ Flammable Safety Cabinets

Advanced safety meets smart storage in a sleek, space-saving design—replacing two cabinets while adding 4 extra cubic feet for maximum efficiency.

UP TO 32% SAVINGS OVER THE LIFETIME OF THE CABINET

	Competitive Standard 45G Flammable Safety Cabinet	Utili-Guard+™ 45G Flammable Safety Cabinet
10 Yr Total Costs	\$4,608*	\$3,122
Additional Costs Over 10 Yrs	\$2,088*	
Cost of Additional 4G Cabinet	\$720*	\$1,197 \$0
Initial Cost	\$1,800*	\$1,925

*Based on average costs

While regulatory codes do not mandate the specific color for a safety flammable cabinet, industry has customarily observed certain colors for defined liquids.

 Yellow for flammable liquids	 Green for pesticides and insecticides
 Red for paints, inks, and other combustible liquids	 Silver or neutral colors for laboratory settings
 Blue for corrosives and hazardous liquids	 White, beige or gray for waste or outdoor lockers

Flammable Safety Cabinets	SKU	CA Prop 65
Justrite 45 Gallon, Self Close, Flammable Cabinet, Sure-Grip® EX, Yellow	894520	⚠

⚠ **WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

SAFETY IDENTIFICATION ESSENTIALS

Safety Signs

Safety signs identify and indicate the potential type and degree of hazards that may lead to accidental injury or property damage. They comply with OSHA 29 CFR 1910.145 and ANSI Z535 standards. Safely made in the USA. Signs are protected by clear coat to protect and resist from UV, dirt, chemical splash, abrasions, fade, graffiti, and more.

SECONDARY SPILL CONTAINMENT

Quickly contains leaks to prevent hazardous spills, protect products and workers, maintain sterility, and ensure regulatory compliance for safe, uninterrupted operations.

Rigid-Lock QuickBerm®

Provides fast, drive-in spill containment for drums, IBCs, and other hazardous material storage, protecting facilities from leaks while keeping operations running smoothly.

Product Description	SKU	CA Prop 65
Justrite 4' x 6' x 12", 235 Gallon, Drive Over Berm	28512	⚠
Justrite 6' x 8' x 12", 355 Gallon, Drive Over Berm	28516	⚠

⚠ WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm, and nickel, which is known to the state of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

The EPA can impose fines up to

\$25,000 PER DAY

and 1-year of imprisonment for negligent discharge of pollutants into U.S. waters under the Clean Water Act.

Spill Prevention Control and Countermeasures (SPCC) regulations mandate secondary containment for containers over 55 gallons at sites with above-ground oil storage exceeding

**1,320
GALLONS**

Spill containment solutions improve safety programs by limiting exposure to hazardous materials and keeping personnel safe from spills and falls, which average

**\$49,971
PER INCIDENT**

Angle Bracket QuickBerm®

For long-term storage of hazardous materials, the Angle Bracket QuickBerm® provides economical, durable secondary containment. Its sturdy angle-bracket design maximizes usable space while reliably preventing leaks and spills in storage and maintenance areas.

Product Description	SKU	CA Prop 65
Justrite Angle Bracket QuickBerm®, 4' x 6' x 12"	28066	⚠
Justrite Angle Bracket QuickBerm®, 6' x 8' x 12"	28069	⚠

Rigid-Lock QuickBerm® Lite

Lightweight, portable berm for rapid spill containment and emergency response in non-sterile areas. Deploys quickly in tight spaces like maintenance zones, storage areas, or equipment service areas.

Product Description	SKU	CA Prop 65
Justrite Rigid-Lock QuickBerm® Lite 4' x 6' x 8"	28372	⚠
Justrite Rigid-Lock QuickBerm® Lite 8' x 8' x 8"	28374	⚠

⚠ WARNING: This product can expose you to chemicals including diisononyl phthalate and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

MATERIAL HANDLING

Gas-Cylinder Storage Equipment

Compressed gas cylinders are heavy, hazardous, and must be handled safely. Gas cylinder racks, stands, and hand trucks help prevent accidents during use or storage.

Product Description	SKU	CA Prop 65
Justrite Single Cylinder Hand Truck	35006	—
Justrite Double Cylinder Hand Truck W/ Firewall & Hoist Ring	35040	—
Justrite 5' Wide by 2' Deep, Gas Cylinder Storage Rack	35172	—
Justrite 5' Wide by 3' Deep, Gas Cylinder Storage Rack	35178	—
Justrite 1' Wide by 3' Deep, Gas Cylinder Barricade Rack	35090	—
Justrite cabinet holds 8 horizontal LPG and 10 vertical gas cylinders	23008	—

Salvage Drums

Eagle HDPE salvage drums are designed for damaged, leaking, or compromised pharmaceutical containers. They ensure safe handling, prevent cross-contamination, and meet regulatory requirements for transporting and storing hazardous materials.

Product Description	SKU	CA Prop 65
Justrite 65 Gallon, Metal Bolt Ring, Salvage Plastic Drum Barrel, Yellow	1665	—
Justrite 95 Gallon, Metal Bolt Ring, Salvage Plastic Drum Barrel, Yellow	1695	—

Overpack Drums

Eagle HDPE overpack drums provide secure secondary containment for pharmaceutical containers during storage or transport. They safely hold multiple smaller drums, jerricans, or bottles, preventing spills while maintaining a clean, safe environment.

Product Description	SKU	CA Prop 65
Justrite 95 Gallon Overpack Plastic Drum Barrel, Screw-On Lid, Yellow	1690	—

Poly Drums

Eagle HDPE drums provide secure, chemicalresistant storage for raw materials and other regulated substances. Designed for easy access and safe handling, they help ensure quality and safety while protecting product integrity in manufacturing and storage areas.

Product Description	SKU	CA Prop 65
Justrite 30 Gallon, Screw-on Lid, Lab Pack Plastic Barrel Drum, Yellow	1600SL	—
Justrite 55 Gallon, Plastic Lever-Lock, Lab Pack Open Head Plastic Barrel Drum, Yellow	1655	—
Justrite 55 Gallon, Plastic Lever-Lock, Lab Pack Open Head Plastic Barrel Drum, Yellow	1656	—

Closure Types

Plastic Lever-Lock closure easily locks in place without tools. HDPE incinerates completely with no metal residue.

Metal Lever-Lock closure easily locks in place without tools. Powder-coated metal provides a stronger closure.

Metal Bolt Ring closure requires a torque wrench to tighten or untighten, providing a more secure closure.

MATTING SOLUTIONS

Designed for demanding environments, matting solutions protect workers by enhancing safety, comfort, and surface stability.

Entry Outdoor Mats

Durable entry mats trap dirt, debris, and moisture to keep building interiors clean and safe.

Product Description	SKU	CA Prop 65
NoTrax Low Profile Water Trap Door Mat, Mat Guzzler™, Charcoal	166S003SCH	⚠
NoTrax Soil Guard™ Rubber Scraper Entrance Mat, 3' x 5', Black.	340S003SBL	—

⚠ WARNING: This product can expose you to chemicals including di-2-ethylhexyl phthalate which is known to the State of California to cause cancer, birth defects or reproductive harm. For more information, visit www.P65Warnings.ca.gov.

Anti-Fatigue Workstation Mats

Intended for individual workstations, these mats enhance comfort, support posture, and prevent slips.

Product Description	SKU	CA Prop 65
NoTrax Standing Desk Mat Superfoam™ Revive RS, 3' x 5', Black	425S3660BL	—
NoTrax Cushion Trax® Anti Fatigue Mat, 3' x 5', Black-Yellow	479S003SYB	⚠
NoTrax Marble Sof-Tyle™ Anti Fatigue Mat, 3' x 5', Blue	470S3660BU	⚠

⚠ WARNING: This product can expose you to chemicals including di-2-ethylhexyl phthalate and/or diisononyl phthalate which is known to the State of California to cause cancer, birth defects or reproductive harm. For more information, visit www.P65Warnings.ca.gov.

Anti fatigue Mats

Ergonomic mats ideal for cleanroom and laboratory environments that enhance circulation, reduce operator fatigue, and maintain hygienic, chemical-resistant surfaces.

Product Description	SKU	CA Prop 65
NoTrax Drainage, Superfoam™ Anti Fatigue Mat, 3' x 5', Black	T17S003SBL	⚠
NoTrax Superfoam™ Comfort™ Anti Fatigue Mat, 3' x 5', Black	440S003SBL	—

⚠ WARNING: This product can expose you to chemicals including di-2-ethylhexyl phthalate and/or diisononyl phthalate which is known to the State of California to cause cancer, birth defects or reproductive harm. For more information, visit www.P65Warnings.ca.gov.

Anti Microbial Mats

Antimicrobial mat preventing bacterial growth, ideal for sterile pharmaceutical zones requiring contamination control and slip resistance.

Product Description	SKU	CA Prop 65
NoTrax Sani-Flex™ Antimicrobial Anti-Fatigue Mat, 2' x 3', Gray	526S0023GY	—

VEHICLE & MOTION SAFETY

Wheel Chocks

Wheel chocks for the pharmaceutical industry ensure safe, stable loading and unloading of sensitive materials. Designed for precision and compliance, they prevent accidental movement of vehicles and equipment, protecting workers, products, and facilities during critical transport operations.

Product Description

Checkers General-Purpose Utility Wheel Chock, 70,000 lbs Load Capacity, 32-46 in. Tire

Checkers All-Terrain Heavy-Duty Wheel Chock with Rubber Pad, 40 Ton Capacity, 28-38 in. Tires

Choosing The Right Wheel Chock Model

Tire Diameter

Be sure to pick the necessary Checkers wheel chock based upon your vehicle's tire diameter.

Surface

Know what type of ground you will be placing your wheel chock on when making your selection. Whether it's a gravel or paved surface, Checkers manufactures wheel chocks that adhere to all types of surfaces.

Gross Vehicle Weight

Be sure you understand the vehicle's gross operating weight to ensure you select the correct wheel chock for your specific requirement.

EMERGENCY SAFETY SHOWERS AND EYEWASHES

Safety showers in pharmaceutical facilities safeguard employees from exposure to hazardous substances like APIs and cleaning chemicals, and must be within a 10-second reach of these risks as per ANSI/ISEA Z358.1-2014 and EN15154 standards.

Emergency Tank Shower

This self-contained 2000 L unit with immersion heater and insulation keeps water tepid even at -10 °F ambient. Delivers 20 GPM for 15 minutes without main water supply; highly visible activation and corrosive-resistant tank—ideal for pharmaceutical chemical delivery areas.

Product Description

Hughes 2000L immersion heated tank shower

SKU

MH14KS2000

CA Prop 65

⚠ WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

Cubicle Safety Shower

This cubicle safety shower creates a contained decontamination zone, protecting surrounding areas from contaminated runoff. With a drain sump, lidded ASA eye/face wash, and ANSI-compliant 20 GPM flow rate, it ensures rapid, controlled response in splash-sensitive spaces.

Product Description

Hughes cubicle safety shower with closed bowl eye wash

Global Leader in Industrial Safety

(800) 798-9250 • Justrite.com
custserv@justrite.com

Justrite Safety Group is a leading global manufacturer and supplier of a deep portfolio of complementary mission-critical safety products which simplify workplace safety and regulatory compliance to protect lives, assets, and the environment.

Pharmaceutical manufacturing and lab environments face unique safety and compliance challenges. We offer specialized products designed to meet these needs and uphold strict regulatory standards, delivering innovative solutions for sterile facilities, controlled labs, and demanding production areas.
