

HEAVY DUTY WELDING MAT

646 Diamond Flex™ Niru® FR

Heavy duty welding-safe anti-fatigue mat that creates a safe comfortable and long lasting working platform for welders. Diamond plate pattern and yellow borders provides superior traction and visibility, single piece construction will not move during use or curl from heavy traffic and provides full surface area comfort.

Diamond Plate

First solid heavy duty rubber mat with high traction diamond plate pattern.

Prevents Tripping

Highly visible colored beveled borders are permanently affixed to the mat to prevent swelling/curling.

Durable and Resistant

Passes CPSC FF 1-70 surface flammability and ASTM E662/UL 94 smoke density for welding.

646 Diamond Flex™ Niru® FR

- Oil-resistant nitrile rubber compound
- Ergonomic bullet domes underneath all the mat allow it to bend and flex
- Thickness: 7/8"
- Size: 40"x64"
